ARTICLE	ISSUE	PAGE #
BUILDING ENVELOPE		
Exteriors: Making the Most of Metrics	January	35
Extending the Roof Life	February	49
Can These Windows be Saved?	March	13
Roofing: Setting the Standard	March	37
Roofing: More Cost, More Effective?	April	41
MBMA: Metal's Edge: The Bottom Line	May	54
Energy Opportunities Up on the Roof	June	37
Three Options for a More Energy-Efficient Building Exterior	July	18
CEIR: Roofs at the Green Frontier	July	56
Picking Windows? Do Your Homework on HVAC, Lighting	August	52
TMI: Stretching Retrofit Dollars with Metal	September	50
RCI: Beyond the Buzzword: Sustainable Roofing	September	56
Five Ways to Make a Roof Last Longer	October	37
3-D Laser Scanning Speeds Up Condition Surveys	December	12
CONSTRUCTION/RENOVATION/RETROFIT		
ADA: How Not to Get Sued	January	23
Elevators: Uptime-Minded	February	31
Metrics Guide Building Plans	February	36
Can These Windows be Saved?	March	13
MBMA: Metal's Edge: The Bottom Line	May	54
Three Options for a More Energy-Efficient Building Exterior	July	18
Modernizing Elevators Can Bring Green Rewards	October	64
Steps to Green: Good, Better, Best	November	39
3-D Laser Scanning Speeds Up Condition Surveys	December	12
ENERGY MANAGEMENT		
Exteriors: Making the Most of Metrics	January	35
7x24 Exchange: Green Data Centers Bring Gains	January	66
Obama's Agenda: New Era for Energy	February	24
Roofing: Setting the Standard	March	37
Energy Star: Let Numbers do the Talking	March	47
Green Building Report: LEED-EB Lowers Operating Costs	April	14
Alliance to Save Energy: How to Sell Energy Upgrades	April	46
Energy Performance Contracts: No Money for Upgrades?	May	16
Cap and Trade Isn't the Whole Story in Washington	June	14
Pointing the Way to a Greener Facility: LEED-EB	June	18
Energy Opportunities Up on the Roof	June	37
Toughening Up the Energy Code	June	47
Three Options for a More Energy-Efficient Building Exterior	July	18
BACnet International: BACnet Offers Path to Energy Gains	July	36
enLIGHTen America: How Lighting Upgrades Pay Off	July	45
Energy Measurement: It's the Law	August	25
Contracting for Carbon Reductions	August	35
Picking Windows? Do Your Homework on HVAC, Lighting	August	52
Energy Star: Green Goal: Energy-Efficient Office Space	September	44
TMI: Stretching Retrofit Dollars with Metal	September	50
RCI: Beyond the Buzzword: Sustainable Roofing	September	56
Green Building Report: Energy Simulation Models	October	8
Ten Tips to Cut Energy Costs	October	45
VFD: Basic Tool for Energy Savings	November	31
Ready or Not, Carbon Limits Likely	December	23
Cutting the Life-cycle Cost of Lighting	December	40
Outsmarting the Grid	December	16
Rx for Energy Efficiency	December	28
ENVIRONMENTAL ISSUES		
Green Building Report: Daylight: A Bright Idea	January	14
BACnet International: Pieces of the Green Puzzle	January	64
Six Steps to Good IAQ	February	13
Obama's Agenda: New Era for Energy	February	24
Smart Choices for Colleges	March	29
Roofing: Setting the Standard	March	37
Credibly Green	March	56
Green Building Report: LEED-EB Lowers Operating Costs	April	14
Alliance to Save Energy: How to Sell Energy Upgrades	April	46
Old and New, Buildings Can Go Green on a Budget	May	12
Science Drives Move to Green Cleaning	May	27
Cap and Trade Isn't the Whole Story in Washington	June	14
Pointing the Way to a Greener Facility: LEED-EB	June	18
Green Strategies, Tailored to Your Building's Needs	June	23
Climate Change: The Economics of Action	June	31
Energy Opportunities Up on the Roof	June	37
Purchasing: Certifiably Green	June	41
Toughening Up the Energy Code	June	47
Green Building Report: Acoustics Can Complement Green	July	10
Greener Space, Better Space	August	18
Contracting for Carbon Reductions	August	35
Let LEED Be Your Guide	September	35
Energy Star: Green Goal: Energy-Efficient Office Space	September	44
RCI: Beyond the Buzzword: Sustainable Roofing	September	56
Sustainability + Innovation Equals More Flooring Choices	September	58
Green Building Report: Energy Simulation Models	October	8
Cleaning Up Green	October	29
High-Performance Buildings: Come Together Over Green	October	56
Tougher Water Efficiency Codes Are Here	November	10
Steps to Green: Good, Better, Best	November	39
Security vs. Sustainability	December	34
Ready or Not, Carbon Limits Likely	December	23
Rx for Energy Efficiency	December	28
FACILITY MANAGEMENT		
Budgeting: Tough Times	January	28
